

COVENANT CHRISTIAN ACADEMY

Why Partner with Covenant Christian Academy?

Invest in Students. Strengthen Families. Impact the Community.

At Covenant Christian Academy, we believe that strong schools help build strong communities. As a private Christian school serving students from PK3 through 12th grade, CCA is committed to developing wise and virtuous followers of Jesus Christ who are prepared to lead, serve, and make a meaningful difference in the world.

When your company partners with CCA through corporate sponsorship, you are doing more than supporting a school. You are investing in students, families, educators, and the future of our community.

More Than Sponsorship....A Partnership

We believe the best corporate sponsorships are true partnerships. We want to work with businesses to create opportunities that are mutually beneficial, meaningful, and aligned with shared goals.

CCA can provide businesses with opportunities for visibility through:

- Event sponsorships
- Athletic sponsorships
- Gala sponsorships
- Golf tournament sponsorships
- Digital and social media recognition
- School publications and newsletters
- On-campus signage and recognition
- Community events
- Program-specific sponsorships

We are also happy to explore customized partnership opportunities based on your company's goals and interests.
